SIR,

In submitting herewith copy of letter No 74 dated the 29th Feb, 1916 with its enclosure from the Chairman, Municipal Education Committee on the necessity for providing suitable buildings for the City Municipal Schools etc , I have the honor to state that the subject was placed before the Municipal Council at the Meeting of the 1st April 1916

2 The Council was of opinion that the buildings in which the two Municipal Schools are now held are unsuited for the purpose and that Government may be requested to get plans and estimates prepared for two School buildings A copy of the resolution is herewith submitted for the information and Orders of Government

3 The Old Fort Palace building in which the Municipal Kannada School is now located is dark and illventilated and quite unfit for a School, while the rented building in Chamarajpet where the Municipal A V School is held is not adapted for a school and does not co

contain sufficient accommodation for the boys attending the School I fully concur with the observations made by the Chairman of the Education Committee in regard to the necessity for the construction of new buildings for the two Municipal Schools. I request that you may be so good as to move Government to order plans and estimates being prepared by the P W D as proposed by the Municipal Council

4 I beg to add in this connection that the building now occupied by the Government A V School in the Fort was originally constructed for the use of the Municipal Kannada School — vide Government Proceedings No 5574-5/M1 318-2 dated the 29th/31st December 1904 — after the building was completed, it was made use of by Government for other purposes

Letter No 74 dated 29th Feb 1916 from the Chairman, Education Committee, Bangalore, to the President, City Municipal Council, Bangalore

Rec'd 24-5-1

"I have the honor to draw your special attention to the Resolution No 3 passed at the last meeting of the Education Committee, a copy of which is herewith appended.

It is a deplorable fact that among the Municipal and Aided Schools placed under the supervision of this Committee, not a single one is located in a building, which from an Educational or a Sanitary point of view can be regarded as satisfactory In the Mysore Educational Grant-in-aid Code General Rules, one of the questions asked before any school is recognised is "whether suitable accommodation is available for the school ?" If this elementary question is asked with regard to each school under our supervision, the reply will have to be in the negative On modren and enlightened views of structural requirements for educational purposes, each building would have to be condemned.

It would be inconsistent to call upon the Managers of Aided Schools to provide suitable buildings while we, as a Municipality, fail to set them an example, but I think that both they and we ought to remedy this serious defect without delay I therefore propose that steps be taken immediately, to prepare plans and estimates of buildings suitable for the requirements of our two Municipal Schools and provision made for their erection within the next two years and that the Managers of the Aided Schools be required to submit their proposals for the erection of similar buildings within the same period

I hope that this matter, which is one of urgency will receive your careful consideration and that of the Council at the earliest date "
